

# CLOUD CONNECT MICROSOFT AZURE

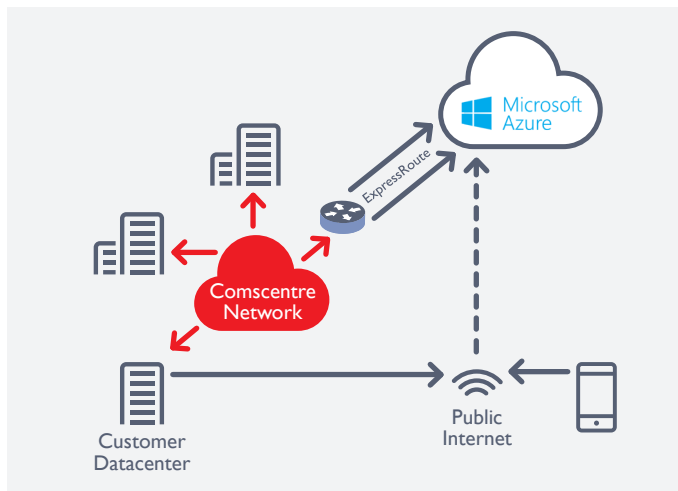

## CLOUD CONNECT

Cloud Connect is a secure connection between your Cloud Private Network and Microsoft Azure.

This means your company will have all the benefits of Azure without your data ever touching the Public Internet.

We manage and monitor the connection end-to-end, so you can have completely piece of mind when it comes to performance and reliability.

## WHAT IS MICROSOFT AZURE?

Azure is Microsoft's cloud computing platform, a growing collection of integrated services—analytics, computing, database, mobile, networking, storage, and web—for moving faster, achieving more, and saving money.

### UNMATCHED PRODUCTIVITY

Any developer or IT professional can be productive with Azure. Build and manage enterprise, mobile, web, and Internet of Things apps faster, using skills developers and IT professionals already have and technologies they already know.

### USE WITH EXISTING IT

Azure easily integrates with your existing IT environment so your assets stay right where you need them..

### PROTECT YOUR DATA

Microsoft has made an industry-leading commitment to the protection and privacy of your data.

### SCALE UP OR DOWN

Azure's pay-as-you-go services can quickly scale up or down to match demand, so you only pay for what you use..
